

The Blocks from Impanema

**This is a tale of 3 blocks
That want to be stacked, on one spot
So they came-to ICAPS, so they could be moved**

**So we can move 3 blocks
What about containers, ships, and trucks
Time and resources they count too**

**Oh, but where is the scheduling
Oh, we need more applications
Oh Please, we don't need no relaxation
Just leave my deletes alone
Just leave my deletes alone**

**This is a tale of 3 blocks
That want to be stacked on one spot
So they came to ICAPS and now they're moved**
